

### **GRANT APPLICATION**

The Grandview Heights Marble Cliff Education Foundation considers applications for the funding of grants which enhance educational excellence in our community. Grants are for projects which serve Grandview Heights and/or Marble Cliff students and/or residents.

Grant applications which are MORE likely to be accepted include those which

- Impact a significant number of students or community members for the resources invested
- Are supported by contemporary research
- Emphasize current or emerging technology
- Promote multicultural sensitivity and global awareness
- Involve academic achievement, arts and humanities, or lifelong learning opportunities
- Promote student, staff, family, business and community partnerships
- Involve new or unique programs or services

Grant applications which are LESS likely to be accepted include those which

- Involve “Bricks and Mortar” or consumable supplies
- Fund travel or scholarships for one or small number of students
- Are primarily related to athletic activities
- Are typically funded by operating budgets or already have established funding resources
- Request reimbursement for items purchased or projects funded by other entities prior to grant request

### **OTHER PROCEDURES AND INFORMATION**

Prior to submission, please discuss this application with your principal or community organization.

Signatures of the principal or community organizer are required.

Grandview Heights Marble Cliff Education Foundation will not be responsible for ongoing or maintenance costs. Please ensure such maintenance costs are included in the organization or school district budget. If the request is a technology related request to be utilized within the Grandview Heights City School District, please include the District Technology Acquisition Form. Multi-phase (multi-year) projects will be considered.
